- signature projects

PORTOFOLIO  
2017-2024

# ABOUT ME

01

*Since launching my career as a freelance lighting designer in 2006, I have explored the vast spectrum of lighting applications. My journey began in the dynamic realm of theater, where I mastered the art of setting the stage with captivating lighting. From there, I expanded into the specialized fields of both permanent and temporary architectural lighting, enhancing buildings and public spaces with visually striking designs.*

*Additionally, I have been deeply involved in the art world, providing innovative lighting solutions for various art exhibitions. This experience has also given me the opportunity to pursue my own creative projects, further honing my skills and pushing the boundaries of traditional lighting design.*

*Throughout my career, I have had the privilege of collaborating with a diverse group of professionals, including directors, set designers, urban planners, and architects. These collaborations have taken me across Europe, enriching my expertise and allowing me to contribute to a wide range of international projects.*
